Dear Mr. Querin:

Regarding your letter of 8-22-68; please be advised that after considerable discussion, at their last meeting, the Executive Board of this local refused to grant clearance for the 12th Naval District Band to perform for the Sonoma Valley Vintage Festival on September 28, 1968. The reason for this decision is that there is a definite history of local civilian musicians being hired to perform for the Festival. As a matter of fact we had a working agreement with the Chamber of Commerce in Sonoma whereby if they would hire the Sonoma County Concert Band one year, the Musicians Union would provide it for free the following year with the musicians being paid for their services through the Music Performance Trust Funds and at no cost to the City of Sonoma. We in turn would grant clearance for the Military Bands to perform in addition to the Sonoma County Concert Band. This proved to be a very satisfactory arrangement until human nature being as it is, someone in Sonoma started by-passing civilian employment.

I could continue for several pages of this letter concerning the Vintage Festival and the problems we have come up against. Rather than do this I would like to offer my assistance in helping you set up your musical program for the Vintage Festival and I would appreciate your setting up a meeting (at your convenience) whereby we could talk over this matter personally and possibly resolve it once and for all. I may be reached during the day at 546-7274 or between 4 P.M. and 8 P.M. at 545-1434.

I will look forward to your call and in meeting you personally.

Sincerely

A.E. Passarell
